

ARE YOU ELIGIBLE TO RECEIVE A PENSION FROM GERMANY? WE CAN DETERMINE IF YOU QUALIFY!

SAVE YOURSELF TIME, MONEY AND AGGRAVATION!

We can assist you by preparing your German pension application.

We handle PERSONAL and SURVIVOR applications.

We will let you know what documents are needed from you and prepare the paperwork that is needed for your signature, and then send your application to the Rentenversicherung - the German pension administrators.

An individual can typically apply for an old age German pension if:

1. You have completed the General Qualifying Working period, which is a minimum 5 years, with at least 1 year in Germany.
2. You are 65 years of age. (You can make an application earlier, however certain conditions apply.)

Call us to see if we can help you. We hope to hear from you and look forward to personally assisting in this matter. Please note we can also help with your AUSTRIAN pension application. **UNCOMPLICATING the COMPLICATED is our duty to you!**

Steve Reinhard Professional Corporation *Certified General Accountant*
